

## **MISTY CREEK – MAILBOX STANDARDS**

### **Mailboxes require Architectural Control Committee (ACC) approval.**

You must submit an ACC request form and wait to receive approval and wait to receive written approval before installing the mailbox.

All mailboxes will be black in color and mounted on a wood post as installed by the original builder. Wood posts shall be maintained and kept free from mold, fungus, and other decomposing organisms. The post is to be stained with Minwax-Ebony.

Typically Lowes and Home Depot have the approved post/mailbox in stock.
